Staicoff Elected Mayor Of Pontoon

Citizens Party Slates Sweeps All Offices In New Village

(Picture on page 7) Thomas L. Staicoff was elected as the first president (mayor) of the new village of Pontoon Beach Saturday, defeating Willard F. Hicks by a vote of 184 to 115.

Staicoff's entire slate of candidates under the Citizens Representative Party was elected in a heavy turnout. Of 404 eligible voters, 306 cast ballots, or more than 75 per cent. Three ballots were spoiled.

Named village clerk was Edison Phelps, who defeated Mrs. Nancy Rosales 185 to 111.

The new trustees and their votes are: Lawrence E. Enos, 193; Tony Jackson, 184; Lester Johnson, 180; Otto O. Kreher, 173; Harold McBride, 181; and Robert A. Springer, 188.

Independent candidates and their votes were: Clarence A. Hudkins, 33; Amos Ellisorbeck, 69; Raymond W. McCoy, 99; Donald Ray McNew, 87; Chester E. Dean, 84; William D. Pater, 74; James C. Hutchinson, 51; and Herschel Singleton, 69.

Canvass Date To Be Set

A date for the canvass is to be set by County Judge Michael Kinney.

Staicoff, who lives at 3836 Lake drive, said public meetings will be scheduled after the canvass. He said the new officials will meet informally this week to map general plans for running the village.

Public meetings will be held about once a week until the officials are established. Staicoff said, and then will revert to a once-a-month schedule.

Staicoff, real estate sales manager for the L. Wolf Co., stressed keeping taxes down to a minimum during his campaign. He was enthusiastic over the heavy turnout of voters.

The new mayor is 28 years old, graduated from Madison high school in 1952 and attended Southern Illinois University for a year and a half. He is active in Long Lake Amvets Post 187 and served as public relations officer in the 1962 cancer drive in Granite City.

Public Hearing On Nameoki Twp. Budget 7 P.M. Tuesday

A public hearing for the proposed 1963-64 Nameoki township budget of \$64,255 will be held at 7 p.m. tomorrow in the town hall along with an adjourned meeting of the town board of auditors. The town hall is on the south side of State Route 162, about a quarter mile east of Route 111.

Township voters will have an opportunity to call for changes in the budget during the public hearing, and the revised budget will be submitted for approval by township residents at the annual town meeting to be held at 7:30 p.m. April 2, also at the town hall.

The annual town meeting again will give residents of the township an opportunity to voice their opinions of the budget and to vote any changes in it.

Of the \$64,255 total, \$31,000 is for relief and \$33,255 is for town purposes. The township in the past several years has levied a 10-mill tax for relief purposes, qualifying for state financial assistance.

The new relief budget lists an increase of \$250; while the town fund budget is up \$100.

Relief Budget Breakdown

A breakdown of the relief apportionment follows:

5 Persons Injured This Morning In Crash At 25th And Madison

Fourteen persons were injured in eight of a total of 19 traffic accidents in the Quad-Cities during the weekend and today.

Five were taken to St. Elizabeth Hospital at 11 a.m. today following a collision at 25th street and Madison avenue. Mrs. Elaine Smith, 32, of 2407 Washington avenue, driver of one of the cars, was admitted to the hospital for observation with a lacerated forehead.

Her three children, Sue, six, Jay, three and Scott, four, were released. Her passengers, Mrs. Florence Sherer, 38, of 2210 Nevada avenue, a passenger in the other car, received x-rays of both knees.

Mrs. Smith was headed west on 25th street and the other car, driven by Theodore Sherer, 2210 Nevada avenue, was going north on Madison avenue. Both cars were damaged considerably and were towed away.

8 Hurt In Crash

Three persons suffered minor injuries Sunday evening in an auto accident at 20th and Benton streets. Delores A. Veres, 19, of 1639 Olive street, was charged with failing to yield right-of-way. She was among the injured.

Police said the auto she was driving north on Benton street at 8:35 p.m. was involved in a collision with another driver by Otto D. Shelton, 28, of 2706 Dale avenue.

Shelton was traveling west on 20th street. His passengers, Marian Shelton, 34, and Lisa Shelton, 10, also were injured.

Motorcyclist Donald Mayes, 27, of 2127 Bryan avenue, is in fair condition in St. Elizabeth Hospital with abrasions and contusions to his face, hands, chest and knees.

Lively Council Session Foreseen This Evening

Granite City council members will meet without an agenda this evening.

However, there is a possibility of a lively meeting with a decision yet to be made on the \$25,000 extra fee contract for sewage treatment plant engineering design, on four bids on new police patrol cars and the likelihood of a debate on the appointment of a city treasurer to replace Frank Sappington. He is to retire April 30.

The treatment plant contract with Chester Engineers of Pittsburgh has been under consideration for two months and may be dropped.

Alderman Frank Vesel, chairman of the council's Special Pollution Emergency Study committee, said at last week's session he planned to call for new proposals from six to 10 engineering firms. Mayor Davis said it was more probable the matter would be dropped until after the election.

Several Council Members

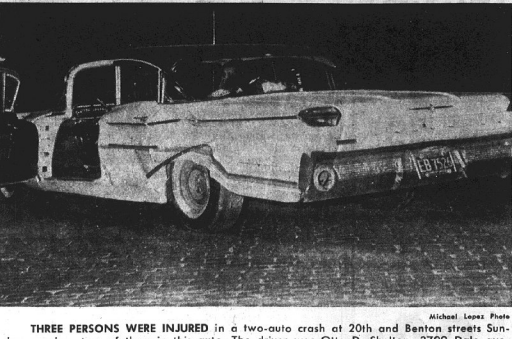

Several council members have been critical of the added \$25,000 preliminary study fee in addition to regular engineering fees, and two efforts to approve the \$25,000 extra fee agreement have been blocked by a minority group.

An extra made last Monday by Alderman Donald Frantz and extended an agreement made in April 1960 with a Granite City engineering firm was doomed to defeat.

When the motion was requested by his motion was requested by Alderman Walter Norn and Steve Baasch, an opponent of the \$25,000 fee contract, said she had planned to call for deferment, if the others had not. Her theory

14 DAYS WITHOUT QUAD-CITY TRAFFIC DEATH

THREE PERSONS WERE INJURED in a two-auto crash at 20th and Benton streets Sunday evening, two of them in this auto. The driver was Otto D. Shelton, 2706 Dale avenue. The other driver, Delores A. Veres, 1639 Olive street, was charged with failing to yield right-of-way.

Resident Files Suit To Void GC Garbage Contract

A suit seeking an injunction to prevent Granite City from paying United Disposal Corp., St. Louis, for garbage and trash collections, because the city failed to comply with state statutes requiring bids, was filed this morning in the circuit court at Edwardsville.

The suit was filed by Alty Horace Calva for Charles Barth, 1600 Clark avenue, an engineer for Olin Corp., East Alton.

He alleges that as a taxpayer and property owner he is being forced to pay higher taxes for the collection awarded in a contract for which no bids were sought, and that he has no adequate remedy at law.

Barth claims the contract was negotiated at "secret meetings" between the city and representatives of the firm, resulting in higher cost than under a city board office.

He also asks the court to declare the contract void.

\$350 Theft At Rural Tavern; Other Burglaries

Between \$350 and \$400 in cash and merchandise was stolen early Friday morning from the Lily Pad tavern on State Road 35.

Taken were 25 quarts of assorted whiskey, nine bottles of wine, a dozen half pints of liquor, a jar of pork hocks, an electric saw and 11 packages of cigarettes. The juke box was rifled of change.

The break-in was discovered about 8:30 a.m. and reported to Granite City police who referred it to the sheriff's office. Deputy sheriffs investigated.

GC Tavern Labeled

Burglars stole \$28 in coins, four bottles of whiskey and other merchandise from the Wayside tavern, 2160 Washington avenue, in a break-in discovered Saturday morning. Police said the front door glass was shattered to gain entrance.

Other items stolen were a set of beer glasses, two electric shavers, several jewelry items, a set of costume jewelry and a box of chocolate bars.

Man Robbed

John Brink, 2266 Washington avenue, told police that two men jumped out of a brown and white auto about 5:40 a.m. Sunday, knocked him down, and took the loose change from his pockets. His wallet was also stolen. The robbery took place just after Brink had parked his auto at his home.

Venice Firm Entered

Norman Krimm, proprietor of the Tri-City Cold Co. at 1427 Market street, Venice, told police this morning his firm had been broken into and a glass and a rear door. He said 30 stamped envelopes and two ball point pens were taken.

Police said the Brady Truck Lines, 1416 Market street, was also entered some time since Saturday night. An unknown amount in coins was taken from a soft drink vending machine, but efforts to break open a cigarette machine failed. Entry was gained by loosening putty and removing glass from a window, police said.

Mrs. Rose Tirkap, 1121 Grand avenue, Madison, told police yesterday afternoon someone had tried to break into her home while she was away from 1:30 to 5:30 p.m. Police said a storm glass was removed from the front door and two rugs taken

Port Authority Seeks Bids For Freight Terminal

The Tri-City Regional Port Authority is calling for bids for construction of a high-speed freight handling terminal to be constructed at the east part of the port next to the old Alton road.

Bids will be received until noon April 11 and will be opened soon after. Specifications may be obtained at the port board office.

The facility is to be leased to a tenant of the port for a 40-year term. Cmdr. John Barron, general manager of the port, said he could not disclose the identity of the tenant at this time.

The structure will contain a 40,000-square-foot composition metal and masonry warehouse. The freight handling facility will include related truck docks, rail tracks and access roads.

The terminal will handle rail freight primarily, Barron said. It will be in a position to accommodate water traffic.

Shot At Other Boys

Police are holding three rifles confiscated Sunday from four Granite City boys who shot at three other boys Sunday near Horseshoe Lake. The boys were taken to the Granite City police department for questioning by James Reidelberger of the Madison county family court and released to their parents.

Cat Favors Family With 'Live' Snakes

The female cat of the Croy Baker family delights in carrying snakes home.

"We befriended the stray cat several weeks ago and yesterday she brought home the seventh snake," Mrs. Baker told the Press-Record.

The cat belongs to the Baker's four-year-old son, Timothy, and gets the snakes from a field near the Baker home, 3002 McNear avenue, East Madison.

"We like Janie, but we wish she'd stop bringing us these live snakes," Mrs. Baker said.

The snakes are of the garter variety and usually are 18 inches to two feet long.

Metro East Featured In St. Louis Magazine

The Illinois portion of the metropolitan area is featured in an article entitled "Metro East" in the new March issue of St. Louis Commerce, the magazine of metropolitan St. Louis published by the Chamber of Commerce of Metropolitan St. Louis. Copies arrived here Friday.

The illustrated article, which highlights a statement prepared by Paul H. Lichtenberger of Granite City, president of the Metro East Chambers of Commerce Association, describes industrial, transportation, educational, utilities, business and other facilities, new and proposed developments and prospects for future progress.

According to a summary of the article, the "Illinois portion of the St. Louis metropolitan area is booming ahead with a proud new image of 'Metro East'."

Lichtenberger's statement follows: "The Metro East Chambers of Commerce Association, I am very grateful for the opportunity to tell the 'East Side Story' to the members of the Chamber of Commerce of Metropolitan St. Louis."

Contrary to an apparent wide-spread belief, the counties of Madison and St. Clair, comprising the Illinois portion of the Metropolitan St. Louis Area, are not strictly industrial, but are composed of many communities peopled by citizens with a high sense of civic pride in their respective social and cultural achievements.

A tremendous population surge has been experienced in the area in the past 12 years. According to U. S. Census Bureau figures, the population is now over 500,000 — an increase of 117,000. It is the fastest growing part of the St. Louis Metropolitan Area and experts predict that the population of the Illinois section will be equal to that of St. Louis and St. Louis county by 1980.

In the past dozen years, the area has had a balanced growth and development. There has been dramatic expansion in all segments of the economy — industrial, retail, service and residential housing. The backbone of the area's economy is its many "blue chip" industries. The industry is diversified and includes steel mills, chemical manufacturers, foundries, food processors, oil refineries and others.

Many industrial firms have moved into the Madison-St. Clair county area in the past twelve years. Among them are such world famous firms as Air Reduction Sales Co., American Smelting and Refining Co., Carling Brewing Co., Dow Manganese Products Co., Johns-Manville Products Corp., Lanson Chemical Co., Lipsett Steel Products Co., Inc., Nesco Steel Barrel Co., Royal Crown Cola Co., A. O. Smith Corp., Standard Pipe Protection, Inc. and Stauffer Chemical Co. In addition, many existing industries have made substantial additions to their plants.

The upsurge in the area's recent growth is also exemplified by the expansion of its educational facilities. Southern Illinois University opened residence centers in Alton and East St. Louis, Illinois in 1957 which now have an enrollment of 4624 students. Twenty-five million dollars have been allocated out of bond issue funds by the state of Illinois to build the University's Southwestern Campus between Granite City and Edwardsville. Bids are in the process of being set for the construction of the buildings for the initial stage of development of the 2600-acre campus.

The university is expected to accept its first students on the new campus in the fall of 1964 and an enrollment of 18,000 is expected by 1970. Primary and secondary school enrollment in the number of teachers in the two-county area has more than

doubled in the past decade. Many millions of dollars have also been spent during this time in expanding and modernizing the physical plant facilities of our schools.

Another of the area's great resources is the skill and efficiency of its labor force of 164,000. The area enjoys excellent labor-contractor relations and a high degree of efficiency in the construction industry as a result of a precedent-breaking ten-point Statement of Policy promulgated by the Building Trades Department of the AFL-CIO. Signed by the contractors and unions in the Tri-Cities area in 1958, it was the first agreement of its kind anywhere in the U. S.

The opening of the \$14-million \$40 million chain of Rockwell Canal in 1953 placed the Mississippi River at the front door of the Tri-Cities area. The traffic on the canal in 1962 was double that of the first full year of operation in 1954. A harbor was developed at Granite City and is now in the process of being expanded. Extensive plans for the development of the harbors in both Granite City and East St. Louis are "in the works."

Highway Development
A tremendous highway development program has been necessitated by the area's rapid growth. Highway FAI 55-70, which has just about been completed, will provide an excellent access to the heart of St. Louis via the new Poplar Street Bridge.

Work is now underway on Highway FAI 270 which will be the major East-West Bypass route around St. Louis and will connect Illinois and Missouri by way of a free bridge, also under construction, near the Chain of Rocks. Highway FAI 151 (the Great River Road), for which the right of way is now being acquired, will become the major North-South route along the east side of the Mississippi River from Alton to East St. Louis.

The member organizations of Metro East Chambers of Commerce Association look upon the past as a strong foundation upon which to build a bigger, better, more exciting future for the area.

The availability of over 15,000 acres of suitable industrial land, the skilled work force, the excellent transportation facilities, the development of the new Southern Illinois University campus, the adoption of a zoning ordinance by Madison county, the availability of land for residential development and last, but not least, the forward looking spirit of the leaders and citizens of the area lead us to the conclusion that it is on the threshold of its greatest development.

Injured On Highway 162

An Edwardsville motorist, Emmett Moore, 28, suffered minor injuries about 8 p.m. Saturday in a two-auto collision on State Route 162 near the Route 35 junction. - David Johnston, who lives in East St. Louis, was paid \$69,929 as city engineer in 1962 under contract allowing him substantially higher fees than those established by Illinois Society of Professional Engineers.
- Some aldermen voted against fluoridation despite public approval by referendum; would have reduced tooth cavities among children up to 60%.
- This would have eliminated sewer backups, flooding, etc., as well as river pollution.
- This fee, plus other "unknown" costs, is asked by out-of-town engineering firm for river pollution study only. Would not be necessary if local firm, familiar with Granite City sewers, does the work.
- This money would be diverted from use on existing public streets to build roadway to a proposed private shopping center, details of which have never been disclosed or firmed up.
- Contract with St. Louis firm was "negotiated" with minor saving despite two-thirds reduction in manpower.
- Three regular meetings are held monthly at \$25 each; no reduction in pay for absenteeism.
- Under the May 1961-February 1963 period, there were 66 regular and six special meetings.
- No control by city over use of this additional allowance, nor is an expense itemization required. Available to all aldermen but some do not take it.

(Special from Springfield)

The State Supreme Court today reversed a city court of Granite City ruling in favor of Henry Mills, 3801 Lake street, Community Coach Co. driver, who was hurt about two years ago in a mishap at the company garage on his day off.

The opinion written by Justice Robert C. Underwood of Bloomington, stated that the firm had no control over the employee's action on his day off and that it was determined that he would not have been charged for lost bus tickets. He had gone to the garage on his day off to look for lost tickets and fell into a pit.

The appeal to the Supreme Court was by the bus firm.

Grote-Hoffman Nuptials At Second Baptist Church

Bouquets of white gladioli, blue pom poms and greenery provided the setting Saturday evening for the wedding of Miss Betty Jane Hoffman and Norman Dean Grote at Second Baptist Church.

The bride is the daughter of Mr. and Mrs. Arthur S. Hoffman, 1535 Benton street, Mr. Hoffman's parents are Mr. and Mrs. Lester Grote, 2420 Illinois avenue.

Rev. W. L. Shovers officiated at 7:30 o'clock before the altar lighted with burning candles in candelabra. Candles also burned along the aisle and in the window recesses decorated with huckleberry foliage.

Mr. Al Carringer, a cousin of the bride, was soloist. She was accompanied at the organ by Miss Ruth Ann Shovers, who played the wedding march and recessional. The songs were "Because," "With This Ring" and "Wedding Prayer."

Mr. Hoffman gave his daughter in marriage. She wore a gown of white peau de sole designed with a round neck and a fitted bodice appliqued with Alencon lace and circles of pearls and sequins. The sleeves tapered to points at the hands and deep pleats gave fullness to the front of the skirt which terminated in a full chapel train. The bride's fingertip veil was attached to a pearl coronet and she held a bouquet of white carnations.

Preceding the bride and her father down the white-carpeted aisle was her cousin, Miss Lois Imboden, as maid of honor, and three bridesmaids, Miss Mildred Ducus, Mrs. James Colman, another cousin of the bride, and the bridegroom's sister, Miss Barbara Grote. The young women wore identical street-length dresses of white lace over blue tulle. They were made on simple lines with round necks, elbow-length sleeves and modified bell skirts with flat bows and streamers in the back. Pillow hats in the same shade of blue and nose veils trimmed with pearls completed the costumes. They carried colonial bouquets of white carnations accented with blue.

Dana Hutchings, a cousin of the bride and groom, and Gary Dacus Jr. served as flower girl and ring bearer. The former wore a white nylon frock with a scalloped Peter Pan collar trimmed with lace, a pinofire skirt and a blue headpiece. She carried white carnations in a blue basket.

For her daughter's wedding, Mrs. Hoffman selected a beige sheath dress with a waist-length jacket and mint green and tapestry accessories. Her flowers were green cymbidium orchids. The bridegroom's mother appeared in light green linen with embroidery trim and bone accessories, complemented with a corsage of yellow orchids.

James Grote was his cousin's best man, and Richard Franklin, Max Mahon, Robert Rains, Jack Haug and Dewey Melton made up the corps of groomsmen and ushers. The candles were lighted by Edward Grote, a brother of the bridegroom, and Paul Hoffman, the bride's cousin.

A reception was held in the church parlors directly after the ceremony. Those assisting were Mrs. James Grote, Miss Betty Jo Grote, Miss Wanda Lapanian.

Miss Laverna Grote, Miss Claire Ann and Miss Peggy Fae Imboden, Miss Carolyn Tindall, and Miss Janet Euse Warmhoff. Mrs. Mary Ellen Sheriff was in charge of the guest book.

The reception table was a adorned with huckleberry foliage, pom poms and greenery and lighted with tall white tapers. A lattice work of pink and white dogwood, together with bride and groom figurines formed the setting for the gift table.

PRESS-RECORD SPORTS

Fedora Heartened By GCHS Defensive Showing Saturday

"Our defense appears to be 100% better than last year's, but our pitching is only adequate at this point," Granite City high school baseball Coach Joe Fedora said in summing up the Warriors' first extensive outdoor practice Saturday at Wilson Park.

Granite City went through 11 full innings in an intra-squad game, with the at-bat squad members getting in extra swings against "Uncle Dudley," the automatic pitching machine, on another diamond where they were not at the plate.

Fedora was impressed also by the bat swinging of Rich Lee, Joe Fanning and sophomore Joe Hauptman, who is making a bid for a starting position behind the plate.

"But the best battle right now is between Dick Frizzell and Bob Karandell at shortstop," Fedora said. "I was a little disappointed in our pitchers' showing though, we're expecting better things from them."

Heavy rains last night and early this morning will keep the Warriors indoors this afternoon.

Gets Steel, Winning Basket

Soph Smedley Hero Of Carver's 53-52 Win Over Centralia In Title Contest

Sub Tony Smedley played just five seconds in Saturday night's 53-52 basketball title contest, but his heroics gave Carver of Chicago the first state championship in the school's history, 53-52.

The 5-7 reserve guard turned apparent defeat into victory for the Changers when he swiped the ball from Centralia's Herb Williams, hit a desperation shot from the side with seven seconds of playing time left, and the Orphans one point up, 52-51.

A stunned crowd of over 10,000 watched as Centralia defeated the Orphans with 35 seconds left, and then failed to get a good shot at the hoop in the remaining playing time.

Smedley was not in the game at the finish—the little sophomore had already been hoisted on the shoulders of court-side admirers after Coach Larry Hawtins had removed him doing the time out called by Centralia after Smedley's basket.

Hawkins, who 1962 Carver club lost in the championship final by one point to Decatur, got a victory ride after the game, and both schools staged homecoming celebrations and parades Sunday afternoon.

Centralia, which last won a state title in 1942, battled back to a 52-51 lead in the second half.

Carver's lead was built on slightly superior shooting and the rebounding of Joe Allen. The Changers pulled down 10 more missed shots than did Centralia, with Allen grabbing 17.

Springfield Lanphier took third-place honors in the first game Saturday night, scoring 40 points in the second half to trip Peoria Central 60-47. The teams scored only nine points between them in the second quarter and the game was a 20-20 draw at halftime.

Centralia had staged another second-half comeback in a Saturday afternoon semifinal, to edge Lanphier 50-46, and Carver had nipped Central 40-37 in overtime in the other game to determine the finalists.

Carver's lead was built on slightly superior shooting and the rebounding of Joe Allen. The Changers pulled down 10 more missed shots than did Centralia, with Allen grabbing 17.

Springfield Lanphier and Peoria Central pulled mid upsets in the quarterfinals Friday, the Lions ousting Rockford Auburn 58-56, and Central topping defending champion Decatur 60-45. But the biggest surprise Friday had to be the ease with which Centralia blew past Metropolis, 74-45. More mature mentally than the Orphan club which came to Champaign and

flopped last spring, Bob Jones went up 18-10 in the first quarter, outscored the Trojans 20-9 in the second quarter, and then coasted home with reserves.

Don Duncan threw in 22 points to lead the Orphans, who played, passed and shot with finesse. Metropolis led only once, 2-0, on John Turner's basket.

Lanphier's Cal Pettit broke a 56-56 tie with Auburn with a driving layup in the last five seconds. He led all scorers, including Auburn's controversial (now ineligible) freshman, J. Jasper Robinson, with 21 points. Borden finished with 20.

Alexander Hits 30
Central had surprisingly little trouble with Decatur, outscoring the Tigers in every quarter and getting 30 points from Craig Alexander, the best single scoring guard in the quarterfinal.

Carver, runner-up to Decatur last year, eliminated district winner Geneva in Friday night's last game, 57-50.

Joe Allen hit 18 points for the Orphans, who had to beat of a four-quarter rally by Geneva.

**Optimists See Judo,
Karate Demonstrations**
Demonstrations in judo and karate were presented at the meeting of the Daybreak Optimist Club Saturday at the YMCA under the supervision of Robert Whelan, YMCA judo instructor, who was guest speaker.

Earl Boren, assisted by James Lindell, Y youth director, showed members how to break a board by use of a hand. Whelan also showed a 15-minute film on the activities of his judo group.

The club donated \$25 as a co-sponsor of a judo tournament to be held Saturday at the local Y. The Optimists will make a visitation to the Alton club on Tuesday. Guests were Thomas and William Schmid, sons of James Sullivan, 46, of East St. Louis, who were at the meeting was conducted by Robert Moske, club president. The next meeting will be April 6.

Optimist Program Geared To Help Youth Projects

Their motto is "Friend of the Boy" but in practice Granite City Optimists make almost as many facilities available to girls. The initial club is about to celebrate its 34th anniversary. There now are three clubs.

Optimism was founded in Granite City in April 1928. Three of the charter members, Arthur Roseman, A. M. Wilson, and John Tate still are active. G. H. Sternberg, another active member, is a past international vice-president and presently a member of the international convention committee.

The Optimist International Convention will be held this year at Toronto, Canada. The Granite City Optimist club, now known as the Noonday Optimist club to distinguish it from its two offspring, the Twilight Optimist and Daybreak Optimist clubs, meets for lunch each Thursday at the Elks club restaurant.

The Noonday club has approximately 100 members. Don Farrington, Granite City auto dealer, is president.

There are 20 committees in the club. They consist of the following members:

Achievement & Awards—Floyd Mitchell, Edw. Stone, Ernest Vehl and Arthur Roseman; **Attendance**—Chester L. Baker, Earl Lee, Douglas Little, Floyd Mitchell and Irvy Todd; **Boys Work**—C. A. Youth Work At "Y"

A major portion of Optimist youth work is focused on YMCA projects. The club contributes generously to several youth organizations that function within

the YMCA framework under Optimist sponsorship.

The Junior Optimist club was formed in September and now has 26 members. The Midget Optimist club for younger boys was formed in October. It has 14 members.

Both the Juniors and Midgets take part in such activities as judo, swimming, basketball, archery, arts and crafts, ping pong, pool, checkers and fund-raising.

Two other groups, the Acrotots and the Acrotrens meet weekly in the YMCA gymnasium for instruction in gymnastics.

The Acrotots are children from five to 10 years of age while the Acrotrens are children from 10 years through high school age. Both are instructed by Mrs. Flossie LeMaster.

Tumbling, balance beam work and trampolining practice are among their activities.

The instructors' fees for the youth clubs are paid by the Optimist club.

The Optimists also help materially to equip the YMCA. They have purchased membership in the "Y" for innumerable boys, two trampolines, a 50-foot roll mat for tumbling and five smaller tumbling mats. They also contributed toward the purchase of a large tournament-size mat for judo and wrestling.

The Optimists were among the first to contribute to the recent, by-opened Tri-City Medical Society Immunization Clinic which functions the first Saturday of each month at St. Elizabeth Hospital. Immunizations are provided free for needy children, pregnant women and medically-indigent adults.

The hospital provides the space, free doctors, nurses, Pink Ladies and Candy Strippers donate their services and cash donations cover the cost of materials.

The Optimists gave \$100 toward the initial expenses for needles, syringes and other items.

The club sponsors a children's bicycle safety campaign each spring, inspecting bicycles for brakes and other safety devices. More than 300 children were taken to the Hawes basketball game in St. Louis last month on Optimist Day.

A contribution of \$400 recently was made to the Granite City Scholarship Foundation to send a deserving student of the local high school to college.

The club sponsors a local oratorical contest each year. The winners are awarded bonds and cash prizes sponsored in the district contest. This year's district contest will be held soon in Alton.

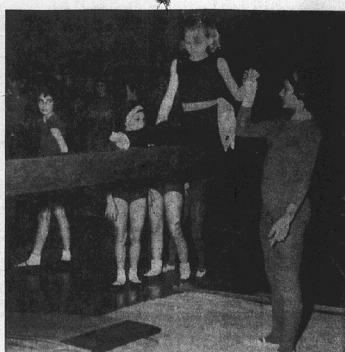

The major part of the funds used for Optimist work here is raised through an annual Christmas tree sale.

The Daybreak and Twilight Optimists have programs and projects similar to those of the parent club.

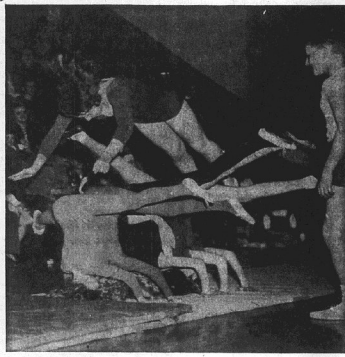

Divorce Granted In Circuit Court

Ciritha Brown of Madison was granted a divorce from Carl Eugene Brown Friday at Edwardsville by Circuit Judge Harold R. Clark on grounds of desertion.

They were married in June 1929 and separated in March 1950. She was given custody of their one child, Carl Eugene Jr. There was no property settlement.

BALANCE BAR WORK is among the gymnastics taught to Acrotots and Acrotrens by Mrs. Flossie LeMaster (right) under Optimist club sponsorship.

ACROTEEN TUMBLING TEAM thrills spectators at this YMCA function. The tumbling acts are among the equipment the Optimists purchased for the "Y" athletic programs.

No New Anchorage Completion Date

No new completion date for first units of the Anchorage housing project has been set. Director David W. Morgan of the Granite City Housing Authority said Friday.

An occupancy date of March 18 had been set by the contractor, but adverse weather and other factors stalled completion of the units. Some applicants had been notified they could move in at that time.

Morgan said all he and the housing board can do is wait for the contractor to set a new completion date. As soon as he receives such a notice, he said, housing applicants will be notified.

LUXURY CAR: RIDES, RESPONDS AND LOOKS LIKE IT OUGHT TO COST A RANSOM

You're looking at our Impala Super Sport Convertible which, along with its cousin the Sport Coupe, absolutely embarrasses higher priced cars.

That special trim and those front bucket seats merely hint at the comfort you find built into every Impala Super Sport.

Performance? It's remarkable, an understatement we can afford when there are 7 engines to choose from. One of which is the popular 340-hp Turbo-Fire 409*, a wizard in traffic and a joy on the open road. And others all the way up to 425 hp*.

If you want an extra flourish or two, null over extra-cost options like floor-shift four-

speed manual or Powerglide transmission, Positraction, fade-resistant sinter-metallic brake linings, and a tachometer to relay what's cooking up front.

Just before you rush off to your Chevrolet dealer, may we remind you that both Impala Super Sports offer the new Comfort-tilt steering wheel*. You adjust it to suit your driving style. Kick it out of the way, for easy entry and exit.

All three Chevrolet series—Biscayne, Bel Air and Impala—deserve a long look. Super Sports demand it.

Super Sport equipment* available on both Impala Convertible and Sport Coupe.

*Optional at extra cost.

A. O. Smith Celebration Cake—516 Pounds; 5000 Servings

The windup of the A. O. Smith Corp.'s 5,000,000th frame celebration last week was Thursday's cutting of a gigantic cake from which 5,000 portions were served.

The 1500 employees, before they ate the cake during coffee breaks and a free lunch, entered a gussing contest conducted to determine the cake's weight.

The guesses ranged from six to 1100 pounds, but there were 25 employees within close range of the 516 pounds, and they were awarded pairs of safety shoes.

Winners were Edward Knaggs, E. J. Hathaway, N. A. Struckhoff, Albert Donaldson, H. W. Anderson, Robert Hartman, Al Suchey, Howard Whitten, Lewis Bunch, Billy Brake, Robert Kunemann, Henry Triplett.

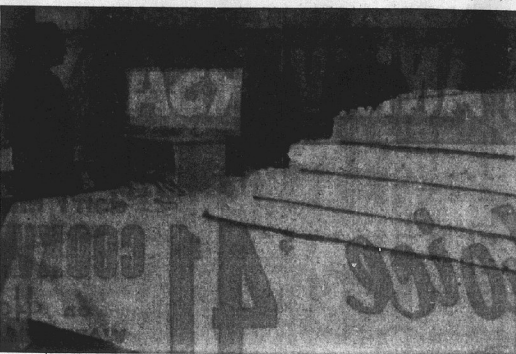

Harold Duckett, Jack Eastweller, Ralph Kroder, John Solich Jr., Kenneth Gilbert, Frank Serrano, B. D. Corbin, William Barzee, Harold Ross, J. D. Perkins, J. B. Wilson, W. Eastwood and H. L. Woodward.

5,000,000 Since 1954
The bottom layer of the cake was 76 x 52 inches and it was nearly three feet thick, surmounted by a gilded replica of the five millionth Chevrolet auto frame made at the Granite City plant since it opened in 1954.

For the two-day celebration, the plant was visited by Chevrolet and A. O. Smith officials, along with groups of civic and community leaders headed by Mayor Davis and Mayor Maerz. Among the Chevrolet officials attending from Detroit were E. F. Gormsen, director of purchases, G. B. Ford, general purchasing agent, James Carney, director of material control; S. M. Kavacheff and E. P. Steslicki, materials handling engineers; E. A. Polanski, quality control engineer, and Richard James, quality control supervisor, as well as C. C. Grommet, general superintendent; K. M. Brooks, chief inspector; K. L. Cooley, materials superintendent in production control, all of the St. Louis plant.

Sullivan On Visit
In addition to N. R. Brink, manager of the Granite City plant, officials from the company headquarters in Milwaukee, Wis., were U. T. Kuechle, group vice-president; John R. Parker, vice-president of the automotive division; Roy A. Dingman, vice-president of personnel relations, and Thomas A. Sullivan, former president of the International Association of Machinists, District Nine, was represented by John Ryan, business representative, and Carl Sonntag, chief steward.

The guesses varied from six to 1100 pounds. Several plant employees are shown sizing up the cake before it was cut.
